

PhoneBOX | Qi UNIVERSAL CAR CHARGER

Product Description

MiniBatt PhoneBOX is the new 3 coils wireless charger to integrate in any vehicle where you want to enjoy the technology without cables. A perfect accessory to have in your car according to the latest technologies!

Designed to easily charge your mobile phone while you are driving, the new **miniBatt PhoneBOX** is made with a silicone texture that ensures maximum device hold while charging. With a universal installation system, the miniBatt wireless charger can be integrated into any surface of the vehicle.

With three induction coils to ensure maximum performance, **miniBatt PhoneBOX** is manufactured to be used with mobile phones that integrate Qi technology and meets all quality certifications.

Forget the badly ordered cables and stay focused while you are driving. You will not lose the concentration during the conduction to charge your mobile phone!
