

PowerRING | UNIVERSAL WIRELESS CHARGING RECEIVER

Product Description

miniBatt PowerRING is the answer to universal charging compatibility. Although a wide variety of smartphones and other devices are optimized for Qi charging technologies, some do not have the capacity.

miniBatt PowerRING is an easy-to-use dual wireless receiver ring to charge any device with micro 5p or Lighting connector. Simply plug your device into the appropriate PowerRING connector and place it on your chosen wireless charging station surface. According to Qi Standard 1.2 and one-to-one induction charging, our miniBatt PowerRING universal receiver even comes with a convenient LED status display to better let you know when your device is ready to go.

Featuring a high quality magnetic coil and high-tech chip to maximize its charging area and performance efficiency for fast charging, miniBatt PowerRING has been developed according to CE, RoHs and FCC certification.

Data Sheet

EAN:	8435048431363
Code miniBatt:	32100050420
Color:	

Technical Specifications

Type of Coil:	Single Coil
Qi Standard:	Version 1.2
Charging Method:	One to One
Input:	5V
Output Lighting:	DC 5V / 1.0A
Output 5p:	DC 5V / 1.0A
Receiving Distance:	0-8 mm
Efficiency Rate:	73%
Working Frequency:	110-205KHz
Dimensions:	ø 58 x 9.5 mm
