

Modular

QI WIRELESS CHARGER EXTENDABLE TO 3 DEVICES
FAST CHARGE

Product description

miniBatt Modular is the first extendable fast charge wireless charger for charging up to three devices. This charger is made with a high-performance coil and the **FAST CHARGE** system compatible with devices with the Qi wireless charging system, including the **iPhone 8 / 8plus, iPhone X or Samsung**.

Thanks to its lateral fixing system it allows the magnetic attachment of a second, or even a third charger of the same characteristics.

Designed to be able to charge up to three mobile telephones or other 5V or 9V devices comfortably, the new **miniBatt modular** comes with a matt anthracite finish and incorporates silicone bands to maximise the charging point during use. Forget about disorganised cables and enjoy wireless charging in the simplest way with the new wireless charger designed by **miniBatt**.

Data Sheet

Nom:	MODULAR
SKU:	MB-MODULAR
EAN:	8435048432711

Technical Specifications

Fast Charge:	Max. output 10 W
Nº of coils:	1 coil extendable to 3
Qi standard:	WPC 1.2
Charging Method:	Induction
Input:	12V
Output:	DC5V-1.0A/9V-1.1A
Charging Distance:	0-8 mm
Efficiency ratio:	75%
Operational Frequency:	110-205 KHz
Measurements:	Ø 90 x 11 mm.
