

PowerDISTANCE

WIRELESS CHARGE
UP TO 35 MM AWAY

General description

miniBatt PowerDISTANCE is the first Wireless charger to be installed under any organic surface (Wood, glass, ceramic...) and wireless charge at a **distance up to 35 mm**.

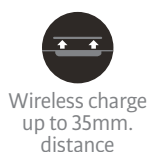

Thanks to its charging distance ratio It can easily be integrated into virtually any piece of furniture just by sticking it under the surface without any previous modification on it.

With a 5V output, the new **PowerDISTANCE** is compatible with all Qi-supporting devices including new iPhone and Samsung and has been approved with CE, RoHS and FCC certifications.

Designed and patented by miniBatt, this new product is the best solution for the incorporation of a wireless tool.

Data sheet

Name:	miniBatt PowerDISTANCE
SKU:	MB-PWDIST
EAN:	8435048433008
Color:	Black

Technical specifications

Standard:	Compatible Qi – BPP
CHARGING SYSTEM:	1 coil
Input:	DC 19V1A
Charging frequency:	115K-140KHz
Charging distance:	max. 35 mm (vertical)
Eficiencia carga:	70% a 25mm/55% a 35mm
Protections:	FOD, OPT, OVD
Size:	157 x 21mm
Certifications:	CE, RoHS, REACH, FCC, Compatible Qi - BPP

Includes:

- Wireless charger
- Power adapter
- 2 x Charging stickers
- Manual instructions
